## It was all because they were superbly healthy

About her were women in their thirties and forties—buoyant, radiant, vivacious, with a charm that drew everyone around them—while she, many years their junior, with all her sparkle gone, was losing her hold upon people.

Why the difference? It was all because they were superbly healthy, while her vitality was slipping away.

Health is *normal*, not exceptional. Failing strength means just this: something is hindering the body from performing its two vital functions: either from building up the living cells which compose it, or from throwing off the poisonous waste which gathers in the intestines.

The fresh, living cells of Fleischmann's Yeast contain a natural food—with the very elements which help the body perform these two vital functions.

Like any other plant or vegetable, yeast produces the best results when fresh and "green"—not dried or "killed." Fleischmann's Yeast is the highest grade living yeast—always fresh. It is not a medicine, it is a natural food. *Results cannot be expected unless it is eaten regularly.*

Everywhere physicians and hospitals are prescribing Fleischmann's Yeast to correct constipation, skin disorders and to restore appetite and digestion.

## "I was on the verge of collapse"

"So irritable I lost nearly all of my friends," writes a woman in Washington. "So weak I couldn't carry on an ordinary conversation."

"Today I would like to tell every nervous person on earth the wonderful cure yeast has been to me. Friends cannot believe it is I. Wrinkles gone, nervous twitching gone and I feel like a million dollars."

Eat two or three cakes a day regularly—plain, or spread on crackers, or mixed with water or milk. If you prefer, get six cakes at a time—they will keep in a cool, dry place two or three days. Begin to know what real health means! Be sure you get Fleischmann's Yeast. All grocers have it.

## Hardman Reproducing Pianos

In them you find your "Open Sesame" to the World's store of musical treasures. Without delay or formality; without consideration for time or temperament, you may summon Paderewski or Hofmann; bid Gabrilowitsch weave a spell of Chopin, or have Elly Ney superbly interpret Brahms. For other moods other choices can be made. Beautiful old songs for times when the heart is full or the mind reflective. Livelier lilting strains to enhance the lure of the dance. And Hardman durability to lend this versatility of entertainment more years of service.

*The Hardman* is the Official Piano of the Metropolitan Opera House
